

THEN and NOW

What can **YOU** do?

Input and Planning

- What would you like your library building to have?
- What is your vision for this vital community resource?
- Join a planning group

Awareness

- Attend gatherings at the library and throughout the community
- Host gatherings with your friends and neighbors
- Help us host a table at town events

Fundraising

- Host fundraising events
- Join the fundraising group
- Donate your time and/or money

**Serving Jericho and Underhill
since 1998**

The Library Board of Trustees is looking into adding more space to our building to meet both current and future needs.

We need your help with this process, which will take several years.

How Our Space Is Used NOW

Libraries have become so much more than a place to borrow books

Working and learning online

Computers, printers, copiers, scanners and fax machines

High speed reliable fiber internet

Tutoring

Playing games

Reading latest newspapers and magazines

A respite for people experiencing power outages, flooding, or excessive heat

Community Meeting Space

Presentations

Programs

Music

Social Activities

Discussions

Meetings

Library specific

Other community groups

WHY We Need More Space

Only one PROGRAM ROOM

Small space limits attendees

Frequent conflicts restrict usage

Limited SHELF SPACE

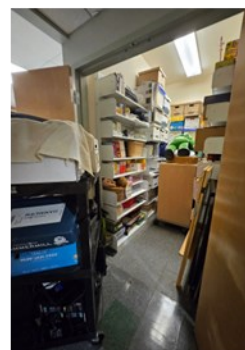

STORAGE SPACE is cramped and dysfunctional

No PRIVATE SPACE for work from home, telehealth, home schoolers, small group meetings

YOUNG ADULT SPACE is uninviting and small

Programs in the FIREPLACE ROOM often run at capacity

STAFF SPACE is crowded and inefficient

Our Wondrous Growing Library
